

"Children DO come with an Instruction Manual."

(Please completely read the instructions for your child before attempting to raise him/her!)

Congratulations! The child you have received, or soon will receive was created by God Almighty and so belongs to Him. He/she is not a product of chance; therefore he/she is specially created with a unique personality and makeup that no one in the world has ever had. This special creation is now being placed in your hands to care for and raise on behalf of God. Before you begin, however, please take note of the following:

+++Sadly, your child is defective, and was born with a feature called the Old Adam. The Old Adam is the result of inherited sin. Since you are a sinner, your child is fatally flawed. Your child will instinctively know what is evil and seek to do it. **WARNING** - **do not underestimate the Old Adam nor suppose you child to be without it!** Such assumptions can be eternally fatal to your child. Your child will seek that which is evil, and if not handled properly, will seriously injure you, himself/herself, and others.

+++While your child is defective there is a manufacturer retro-fix available to correct the problem. The Manufacturer will install in your child a New Creation that will repair the damage caused by the Old Adam free of charge. In faith, simply bring your child to church for the Sacrament of Holy Baptism. In this act of washing and holy promise, your child will receive a New Creation to replace his/her corrupted identity. **PLEASE NOTE:** **Baptism does not remove the Old Adam.** The Old Adam and its tendencies will continue in your child, and must be controlled on a daily basis. If not, the Old Adam may remove the New Creation from your child's life rendering him/her fatally flawed.

+++**IMPORTANT:** **Following Baptism, your child is to be considered, treated, and handled as a New Creation.** Since the Old Adam remains a force in his/her life, denying your child's new reality could lead to confusion of identity. The Old Adam will attempt to influence your child and lie to him/her about his/her identity as a New Creation. Care must be taken at all times to reinforce his/her New Creation reality as given in Holy Baptism, and discourage and dislodge any attempts by the Old Adam to reclaim a hold on their identity. If questions arise as to how to handle your child or how to reinforce their New Creation Identity Reality, please do not hesitate to call the Manufacturer through prayer, and consult the detailed instructions found in the Users Guide. The User's Guide can be found printed completely in the Holy Bible.
